

## **The Wushu Squad @ Roomraider, 12 December 2015**

As part of the Local Centralised Training bonding activities, athletes from the National, Youth and Sanda Squad went to Roomraider Singapore on Saturday, 12 December 2015. The athletes pitted their wits to solve puzzles and uncover secrets and mysteries while they raced against the clock to complete objectives and escape from the themed rooms.

The athletes were grouped into teams of 5-6 the athletes had to work together and beat the clock to escape the rooms by solving the puzzles and mysteries in the different themed rooms. Although there were slight hiccups when there was a blackout in the mall, it did not dampen the spirits of our athletes as they pressed on to complete the tasks and escape from the rooms.

We hope the athletes enjoyed their time and through this activity, get to know each other better and be able to work together as a team better through this activity.
